Krickbaum-Vanderslice Feud.

The Latter Appointed County Commissioner, But Has Not Yet Qualified.

Quite an excitement was created last Friday afternoon by the announcement that the Court had appointed T. J. Vanderslice as a county commissioner, to fill the vacancy caused by the removal of William Krickbaum. The law provides that the appointment shall be made for the unexpired term, so that if Mr. Vanderslice qualifies for the office he will serve until January 1st, 1903.

It is said that the appointment was made by President Judge Little and the Republican Associate Judge, Kurtz, Judge Fox refusing to assent to it. It is also said that Vanderslice is hesitating about accepting. What his own reasons may be for hesitating we do not know, but it is certain that the prevailing sentiment among his friends, as well as his foes, is that it would be a mistake for him to accept, under all the circumstances of the case.

It may be that the appointment is premature, for Messrs. Rhawn & Small, of counsel for Krickbaum, went to Philadelphia on Monday, and on Tuesday morning appeared in the Supreme Court and presented a petition asking that the appeal taken by Mr. Krickbaum to that court be made a *supersedeas*, that is, that all proceedings be stayed until a final decision, in which event Krickbaum will continue to hold the office until the Supreme Court decides otherwise. The petition is as follows:

COMMONWEALTH OF PENNSYLVANIA, EX-RELATIONE, JOHN G. HARMAN, DISTRICT ATTORNEY, vs. WILLIAM KRICKBAUM.	In the Supreme Court of Pennsylvania. No. 116, January T., 1901.

To the Honorable the Judges of said Court:

The petition of William Krickbaum respondent below, and the appellant in this Court, respectfully represents:

1.—That on the 11th day of March, 1901, the Court of Common Pleas of Columbia County, Pennsylvania, in certain quo warranto proceedings as of No. 6 December Term 1900, adjudged the petitioner of unlawfully holding and exercising the office of Commissioner of the said county of Columbia, and awarded a writ of injunction, without notice to the petitioner and bond from the relator, enjoining him from exercising the office of Commissioner as aforesaid.

2.—That the said petitioner was elected Commissioner of the said County for the term of three years commencing the first Monday of January 1900.

3.—That on the fifteenth day of March, 1901, the petitioner appealed according to law to this Court as of the above entitled Term and No. from the said judgment of the Court of Common Pleas aforesaid.

4.—That the said judgment of ouster and exclusion against the petitioner as aforesaid is based entirely upon the fact that the petitioner while exercising the office of County Commissioner as aforesaid became one of the sureties on the bond of the Treasurer of the said county.

5.—That the suggestion for the writ of quo warranto was filed by the said relator at the special instance and upon the written request of the said T. J. Vanderslice, charging inter alia, that the said petitioner was unlawfully holding and exercising the office of County Commissioner as aforesaid, because he was one of the sureties on the bond of the said County Treasurer as aforesaid.

6.—That it appears upon the face of the record and by the proceedings had in the same case, as a fact not controverted, or denied, that at the time the petitioner to wit, the 11th day of December, 1899, the said T. J. Vanderslice was the counsel of the said Treasurer and the private counsel of the petitioner, and as such counsel advised the petitioner, that it was proper for him, although one of the Commissioners, of the said county to become one of the sureties on the said bond.

7.—That the said T. J. Vanderslice after the rendition of the said judgment of ouster and exclusion and injunction against the petitioner as Commissioner aforesaid was, to wit, on the 15th day of March, 1901 appointed by the said Court of Common Pleas to fill the unexpired term of the petitioner, as Commissioner

8. That the delay on the part of the said T. J. Vanderslice of more than one year in requesting the proper authority to proceed against the petitioner by quo warranto, to remove him from office in connection with the advice given to the petitioner, that it was not improper for him to become one of the sureties on the said Treasurer's bond, and the appointment as aforesaid of the said T. J. Vanderslice in place of said petitioner as Commissioner of the said County, makes it perfectly manifest that a mere spirit of personal revenge was the animating cause of the said T. J. Vanderslice instituting proceeding against the petitioner to remove him from the office of County Commissioner as aforesaid.

9.—That the questions of law raised for decision by this appeal are two, to wit:

a.—Whether under section 66 of Act of March 1860, the petitioner forfeited the office of County Commissioner, aforesaid, by becoming surety on the bond of the said County Treasurer, as aforesaid. This Section declares:

b.—"It shall not be lawful for any councilman, burgess, trustee, manager or director of any corporation, municipality or public institution, to be at the same time a treasurer, secretary or other officer, subordinate to the president and directors, who shall receive a salary therefrom or be the surety of such officer nor shall any member of any corporation or public institution, or any officer or agent thereof, be in anywise interested in any contract for the sale or furnishing of any supplies, or materials to be furnished to, or for the use, of any corporation, municipality or public institution of which he shall be a member or officer, or for which he shall be an agent, nor directly nor indirectly interested therein, nor receive any reward or gratuity from any person interested in such contract or sale, and any person violating these provisions or either of them shall forfeit his membership in such corporation, municipality or institution, and his office or appointment thereunder, and be sentenced to pay a fine not exceeding five hundred dollars; *provided* that nothing in this section contained shall prevent a vice president of any bank from being a director of said bank or of receiving a salary as vice president."

b.—Whether the application for the writ of quo warranto by reason of the said T. J. Vanderslice having advised the petitioner as his private counsel that it was not improper for him to become the surety on said Treasurer's bond although exercising the office of County Commissioner.

10.—The petitioner is advised and believes that the judgment against him in said proceedings in quo warranto is not well considered, that the Act of March 31, 1860, cited above does not expressly or by any implication make it unlawful for a County Commissioner to become one of the sureties of the County Treasurer, and that the application for the writ should have been refused on the ground that the petitioner was advised by his counsel as aforesaid, and the real prosecutor, "That it was not improper for him to become surety as aforesaid."

11.—That the affairs of the said County of Columbia, will not in anywise be affected or prejudiced by allowing the petitioner to continue as County Commissioner of the said county pending this appeal.

The petitioner therefore respectfully prays the Court that the said appeal shall be a supersedeas until it shall have been finally disposed of by this Honorable Court and he will ever pray &c.

AN EDITORIAL TRIP

Newspaper Men From Three States visit the Pan-American Exposition at Baffalo.

It Promises to be a Great Show.

Nearly two hundred newspaper men from the states of New York, New Jersey and Pennsylvania were members of an excursion party that went to Buffalo last Friday to view the progress of the Pan-American Exposition. They were the guests of the Delaware, Lackawanna & Western R. R. Co., and were provided with transportation, meals, lodging and all the necessities and luxuries that united to make the trip thoroughly enjoyable. It was probably the best planned and most elaborate affair of the kind ever attempted in this country. The guests were in charge of T. W. Lee, General Passenger Agent, and he was ably assisted by Division Passenger Agents M. L. Smith of Scranton, F. P. Fox of Buffalo, E. J. Quackenbush of Syracuse, General Superintendent T. E. Clark of Scranton, and a number of other officials, all of whom did all in their power for the pleasure and comfort of the party.

Those from this section who participated were F. C. Angle of the Danville *Morning News*, Richard W. Eggert, Danville *Gem*, W. O. Greene, Danville *Democrat*, C. E. Randall, Catawissa *News Item*, J. C Brown, Bloomsburg *Republican*, W. Krickbaum, *Sentinel*, J. C. Rutter J., representing the *Daily*, and Geo. E. Elwell, THE COLUMBIAN.

On reaching Scranton Friday noon a luncheon was served in the station dining room.

The train left New York Friday morning and consisted of six Pullman cars. The trip from New York to Buffalo was made in faster time than the fast regular train of the Lackawanna railroad. Leaving Hoboken, the train ran to Scranton in three hours and twenty-one minutes. Leaving Scranton at 1.10 p. m., the train arrived at Buffalo at exactly 6.54. This made the time for the trip, including all stops, nine hours and five minutes. Taking out the time for the stops at Dover, Washington, Stroudsburg, Binghamton, Owego, Elmira, Bath and Mount Morris, a total of eighteen minutes, the exact running time for the 410 miles was eight hours and forty-seven minutes. The last fifty miles from Linwood to Buffalo were made in forty-four minutes, the train for short distances of the fifty miles reaching the speed of sixty-nine and one-eighth miles per hour.

Great improvements have been made in the Lackawanna road during the last year, and it is in splendid condition. Visitors to the Exposition this summer will do well to arrange to go over this road, as it is one of the most direct, one of the best equipped, and passes through a beautiful section of the country.

Upon our arrival at Buffalo we were met by officials of the Pan-American Exposition, and the Buffalo Press Club, and escorted to Hotel Broezel, where an elaborate dinner was served. From 9 to 11:30 we were entertained charmingly by the Buffalo Press Club in the rooms of the Ellicott Club, after which the visitors returned to their berths in the Pullman sleepers.

Saturday morning breakfast was served at Hotel Broezel, and at 10.00 o'clock the party boarded special cars and were taken out to the exposition grounds, where they beheld the marvels that have been wrought thus far in constructing the beautiful city where the Pan American exposition will be given. The buildings are only partially constructed, but a very good idea was obtained of the beauty and symmetry of the picture they will present when completed.

The most striking feature of the construction part of the exposition is the electric tower, a central building over 400 feet in height, flanked on either side by graceful semi-circular wings. At night it will be a blaze of light, and from the front of it will pour a miniature Niagara of water, under which will be many colored electric lights, which will give the water wonderful prismatic effects.

After spending several hours in making a tour of inspection, in charge of competent guides, the visitors were entertained at lunch in the service building, and during Saturday afternoon some went to Niagara Falls to see the great ice bridge, while others made a round of the points of interest in the city of Buffalo.

At 6:30 a banquet was served at the Genesee Hotel, and at 10 o'clock the train started for home, reaching Scranton at 4:45 Sunday morning. Through the foresight of the officials, all who stopped at Scranton were put in one sleeper, and the car was sidetracked and the occupants were not obliged to arise until 7 o'clock in the morning, an arrangement that was greatly appreciated. The Bloomsburg party reached home at noon on Sunday, and they are unanimous in declaring it a most delightful trip. Next week we will print a full page description of the Exposition, with a picture, and shall keep our readers informed of the progress of what promises to be the greatest show on earth.

BOY SHOT.

A pigeon shooting match took place at Oak Grove on Wednesday afternoon. It is customary for boys to gather outside the bounds for the purpose of catching wounded birds that fall out of bounds. It is also customary for boys to have guns to shoot at birds that fly beyond the bounds. George Loreman, 14 years old, son of Samuel Loreman, was one of the former on this occasion, and Lloyd Shaffer, a young married man was one of the "bushwhackers" with a gun. Shaffer had been cautioned several times about shooting in the direction of the contestants and spectators. An injured pigeon was about to light when Shaffer fired at it just as Loreman ran around the end of a car, to get the bird. The boy was shot in the groin, breast, ear and toot, and is seriously injured. Dr. Gardner, who was present, dressed his wounds.

FIRE AT THE NORMAL.

This morning at five o'clock the fire alarm sounded and the steam whistle at the electric plant blew vigorously. The fire was in the laundry at the Normal School, and is supposed to have started from an electric wire through a board partition. The fire burned up through into a vacant room above. The Friendship Fire Company was first on the ground, and the fire was soon subdued. The damage amounts to about $500. During the fire W. H. Housel in some way took hold of a live electric wire and as he was standing in water a current went through him in a manner that made his escape a very narrow one. It was some time before he recovered, and he is still feeling the effects of the shock.

BAD WEATHER OVER?

Monday the groundhog relinquished his sway over the elements, and according to the weather prophets of the rural districts, "the backbone of the winter is broken."

It did look a trifle Monday as though there is something in the 2d of February prediction. No sooner were the six weeks at an end than the sun shone out brightly, and the thermometer registered near the seventy mark. The air was warm and balmy and the temperature the highest point of the year.

Now is the time to have grape vines trimmed. Many people delay this work, putting it off until the weather is warmer, which is a serious mistake. The warm weather starts the sap to flowing and the vines bleed. Bleeding may not kill a vine, but it weakens it. No one can hope to have a good crop of grapes on a vine that was bled heavily in the Spring. Pruning should always be done in time to leave the wounds to dry and heal over. February is generally spoken of as the month in which to do this work, but the earlier in February the better. Sap usually begins to flow in March.

BENJAMIN HARRISON

Former President, Statesman and Soldier Dead.

IMPRESSIVE FUNERAL SERVICES.

President McKinley Among the Mourners at Indianapolis—Closing Scenes—Notable Career Sketched.

INDIANAPOLIS, March 18.—Surrounded by fully 15,000 of his fellow citizens the remains of Benjamin Harrison were yesterday interred in the family lot in Crown Hill cemetery. Close by the grave were the members of his family, President McKinley and other visitors of distinction and the more intimate friends of General Harrison. Back a distance of 50 yards behind ropes guarded zealously by a large force of police stood with uncovered heads the great multitude who knew him not so well as did they who stood beside the freshly upturned earth, but who honored him and admired him quite as much. It is doubtful if any public man, at least in this generation, has been borne to his last resting place among so many manifestations of respect. Of passionate grief there was little outside the members of his family, but the tribute of respect was universal.

The weather, like that of Saturday, was splendid, bright sunlight, the warm breath of spring in every breeze and yet in the air a touch of winter that brought the blood to the cheek and a sparkle to the eye.

The services at the church and grave were simple in the extreme, all in most excellent taste, and, like the proceedings Saturday, there was an utter absence of friction in everything that was done. All was well ordered and well performed.

At the Harrison home before the remains were taken to the First Presbyterian church, where the full service was held, there were brief exercises for the members of the family and the more immediate friends of General Harrison.

BENJAMIN HARRISON.

Possibly 150 people were present. Mrs. Harrison did not appear, but remained in her room until it was time to leave for the church.

There were several thousand people around the Harrison residence as the funeral procession moved away, but the crowd there was insignificant to that gathered around the church.

It was 2:30 o'clock when the procession arrived at the church, and for an hour and 20 minutes before that time the church had been packed to its utmost capacity. In fact, its capacity was stretched somewhat, and in places inside the building the people were wedged together much too tight for comfort.

Dr. Haines opened the church service by repeating:

"I am the resurrection and the life. He that believeth on me, though he were dead, yet shall he live, and he that liveth and believeth on me shall never die."

Dr. Niccolls then read from I Corinthians, xv, 35-38, inclusive, after which Mr. Haines offered prayer. After the prayer the choir rendered the hymn "Rock of Ages" in a beautiful and impressive manner. This was General Harrison's favorite hymn, and it is said it is the only one he ever attempted to sing. Following the hymn Dr. Niccolls read portions of Scripture from the fourteenth chapter of St. John and the twenty-first chapter of Revelations, after which Dr. Haines delivered the funeral address. After the address Dr. Niccolls offered prayer. The services were closed with a barytone solo, "Hark, Hark, My Soul," rendered by Edward Nell, in which the entire choir joined in the chorus.

The party left the church in the same order in which it entered. For the most part those who attended the church services left immediately for Crown Hill cemetery.

The last resting place of ex-President Harrison is a tomb five feet deep, incased in granite four inches thick and covered with a granite top of the same thickness. On the reverse side of the cover is the simple inscription, "Benjamin Harrison, 1833-1901." The interior of the tomb was decorated with ferns so profusely that no sign of earth or stone was visible. Dozens of exquisitely beautiful floral tributes were placed on the tomb and on the ground about it. As the people slowly left the cemetery the distant boom of cannon firing the national salute came to their ears, and by the time the last gun was fired the night was down and the grave alone.

CLOSING SCENES.

Death of Former President Harrison Quiet and Painless.

INDIANAPOLIS, March 14.—General Benjamin Harrison died at 4:45 o'clock yesterday afternoon without regaining consciousness. His death was quiet and painless, there being a gradual sinking until the end came, which was marked by a single gasp for breath as life departed from the body of the great statesman. The relatives, with a few exceptions, and several of his old and tried friends were at the former president's bedside when he passed away.

News of the death spread quickly through the city, and several of the more intimate friends at once hurried to the Harrison residence. The word was flashed from the bulletins of all the newspapers and thus communicated to the people on their way home in the evening. The announcement produced the greatest sorrow. Within a few moments the flags on all the public buildings and most of the down town business blocks were hoisted at half mast and other outward manifestations of mourning were made.

General Harrison had been unconscious for hours before his death, the exact time when he passed into a comatose state being difficult to determine.

In one of the last public speeches which the late Benjamin Harrison made he said:

"This country of ours is worthy of our love. It should be before everything else but God. Wife, children, mother, lover—all these men have put aside for it."

These words of Mr. Harrison were the sincere convictions of his heart, and the sentiment they contain is that of good patriotism. The future historian, in estimating the character of this remote successor of George Washington, will not judge Benjamin Harrison by what he has said, but what he has done, and he will find no paucity of deeds in his search for material.

It was one warm June day nearly 33 years ago when Harrison gave his first and greatest proof of devotion to his country. Governor Oliver P. Morton of Indiana met him in the street and said, "Ben, I want you to raise a regiment." Ben did not hesitate a moment. He raised the regiment and went to the front with it. As a gallant, intelligent soldier he stood in the first rank.

Benjamin Harrison was likewise a politician. But that fact did not interfere with his patriotism. He came of a stock about whose devotion to country there could be no question. It was in his blood to stand firmly by the cause which he espoused and which he believed to be the right one. One of his ancestors in a direct line was an adherent of Oliver Cromwell in the great revolution for constitutional liberties.

Relatives of the ill fated Cromwellian Harrison, believing that liberty was dead in England, emigrated to America and settled in Virginia. From this stock was descended the ninth president of the United States, and the son of this ninth president was John Scott Harrison, father of the former president who lies dead in Indianapolis today.

History shows us a Benjamin Harrison as a member of the Virginia house of burgesses in Revolutionary times, as a signer of the Declaration of Independence, a three time governor of Virginia and a member of the constitutional convention that ratified the federal constitution. He was the great-grandfather of the man who is now mourned all over the country.

In Indiana Harrison was always a favorite, although he was born in Ohio at North Bend in the year 1833. He was 7 years old when his grandfather was elected president of the United States. His energy was noticed in his early years at school. He learned his A B C's at a country school not far from the Ohio homestead. Then he went to Miami university, where he graduated at the age of 18 and very soon after married Miss Lavina Scott, becoming a father before he was 21.

He elected to study law and entered the office of Judge Bellamy Storer in Cincinnati. He forged ahead so rapidly in his studies that he was admitted to the bar before he was of age to vote.

He laid the foundation for his greatest honor, however, in 1876, when he emerged from private life to take again an active part in politics and became the candidate for governor. He was defeated, but in the campaign made hosts of friends by his intrepidity, and four years after, in 1880, he received the reward of party fealty by being elected to the United States senate. He served the full term.

Mr. Harrison was nominated for the presidency in 1888 and was elected after an unusually exciting campaign against Grover Cleveland. The tariff was the great issue of the election. Mr. Harrison was president of the United States from March 4, 1889, to March 4, 1893. In the course of his administration there were many important achievements. A large increase in the navy was one of these.

In 1896 Mr. Harrison married Mrs. Mary Lord Dimmick, a niece of the late wife of the Indiana statesman.

Mr. Harrison was defeated for re-election by Mr. Cleveland in 1894 and retired from public life thereafter, writing occasional magazine articles and resuming the practice of law.

Explosion on Ocean Liner.

NEW YORK, March 18.—The American liner New York warped laboriously into her dock at 10:30 o'clock last night with only her starboard engine in commission and 15 of her steerage passengers and ten of her stewards recovering from injuries caused by inhaling ammonia liberated by the bursting of the bonnet of the condenser of the refrigerating apparatus aft. One of the stewards, John Kent, died 36 hours after the accident of pneumonia, according to the diagnosis of the ship's surgeon, Dr. R. C. Hutchinson, due partly, the doctor added, to inflammation of the respiratory tract. A steerage passenger, Carl Engkvist, an American citizen living in this city, died of heart disease immediately after the explosion of the condenser.

Well Known Writer Dead.

HARPSWELL, Me., March 18.—Rev. Elijah Kellogg, author and preacher, whose fame rested on his books for boys and his composition "Spartacus to the Gladiators," which nearly every schoolboy has learned at some time, died at his home yesterday in his eighty-eighth year. A constitution weakened by advancing years could not throw off the effects of bronchial pneumonia, from which he suffered for some days. He was a preacher's son.

Colonel Sanger Appointed.

WASHINGTON, March 15.—Colonel William Cary Sanger of New York was yesterday appointed assistant secretary of war and immediately entered upon the discharge of the duties of his office. His commission was made out at the war department in the morning and was signed by the president during the forenoon.

Fire In Pittsburg.

PITTSBURG, March 18.—During the progress of a fire yesterday at the corner of Duquesne way and Fort street one man lost his life and three others were badly hurt. The property loss will be fully $250,000, well insured. All of the injured men are in the hospital in rather bad shape, but all will recover.

To Preserve the Giants.

SAN FRANCISCO, March 18.—The grove of giant red woods in the big basin in Santa Cruz county will be preserved. A bill appropriating $250,000 for its purchase has been approved by Governor Gage. The grove will be converted into a state park.

THE TROUBLE GROWS

Great Alarm Is Felt In St. Petersburg.

COSSACKS KILL SEVERAL STUDENTS.

Riots Continue With Increasing Fury—A Thousand Prisoners Taken, Including Many Women—All the Higher Schools Closed.

ST. PETERSBURG, March 20.—Alarm pervades high circles here. The police have notified house owners to have their dvorniks, or house police, report for duty and hold themselves in constant readiness. A sotnia, or company of Cossacks, passed the Moscow gate on the way to Tsarskoe-Selo, 17 miles south of St. Petersburg, where the czar has just removed to. The police said they would escort the czar back to the winter palace and that he would return by carriage instead of by rail. It appears more probable, however, that the Cossacks were merely sent to Tsarskoe-Selo as a precaution since his majesty is more easily protected there than here.

Serious riots occurred in St. Petersburg yesterday on the occasion of a solemn mass in the Cathedral of Our Lady of Kasan for the repose of the soul of M. Bogoliepoff, the minister of public instruction, who was shot and fatally wounded by Karpovich. The police fired their revolvers, and it is rumored that five students were killed and eight others either seriously or slightly injured.

Wholesale arrests, including many women, followed the rioting.

It is apparently confirmed that three students were killed Sunday. The Cossacks rode into the crowds on the sidewalk, and many faces were cut open by their knotted whips. Students and workingmen threw rubber shoes, canes and snowballs at the Cossacks. It is reported that one Cossack was killed.

An official of the political police said 1,000 prisoners were taken, among them being 350 women students. The presence of workingmen among the rioters rendered this demonstration more dangerous than any known in a generation.

After reading the manifesto the students threw their crumpled copies into the crowd and raised a flag inscribed, "For Liberty!" The students also shouted, "Help us get our rights!" and the mob responded with cheers.

LARGEST GIFT YET.

Carnegie Offers $5,200,000 For New York City Libraries.

NEW YORK, March 16.—Andrew Carnegie, who since retiring as an active figure from the steel world has been able to devote his time exclusively to his other passion, the founding of libraries, has made his departure for Europe this spring memorable by the largest offer of that kind ever advanced. If New York will provide the sites and the maintenance, he has promised to give $5,200,000 to establish 65 branch libraries in this city.

The offer, made in a letter to Dr. John S. Billings, director of the New York Public library, last Tuesday, was made public last night.

Dr. John S. Billings said yesterday:

"Mr. Carnegie's offer to provide library buildings for Greater New York at a cost of over $5,000,000 is made with his usual conditions, that the city shall furnish the sites and make a satisfactory agreement as to their maintenance.

"If accepted, it will result in the greatest free public library system in the world.

A Five Million Gift.

PITTSBURG, March 14.—Two communications from Andrew Carnegie which are officially made public today tell of the steel king's retirement from active business life and of his donation of $5,000,000 for the endowment of a fund for superannuated and disabled employees of the Carnegie company. This benefaction is by far the largest of the many created by Mr. Carnegie and is probably without a parallel anywhere in the world. This fund will in no wise interfere with the continuance of the savings fund established by the company 15 years ago for the benefit of its employees. In this latter fund nearly $2,000,000 of the employees' savings are on deposit, on which the company, by contract, pays 6 per cent and loans money to the workmen to build their homes.

A Million to St. Louis.

ST. LOUIS, March 16.—While Andrew Carnegie is giving away a part of his great fortune in $5,000,000 sums, he is not confining himself to that figure, for he has just offered to build a public library for this city at a cost of $1,000,000.

Mrs. Blaine's Gift.

CHICAGO, March 20.—Mrs. Emmons Blaine, according to an announcement by President William Harper at the University of Chicago convocation, has given $1,000,000 to the University of Chicago School of Education, lately organized by the affiliation of the Chicago institute and the university.

Thompson For Senator.

LINCOLN, Neb., March 20.—At the Republican senatorial caucus last night David E. Thompson of Lincoln was nominated for senator for the short term on the seventh ballot.

"Take care of the pennies and the pounds will take care of themselves."

Large things are but an aggregation of small things. If we take care of the small things we are in effect taking care of the large things which the small things combine to make.

Take care of what you eat, when you eat, and how you eat, and your stomach will take care of itself. But who takes care of such trivial things? That is why, someday, the majority of people have to take care of the stomach. When that day comes, there is no aid so effective in undoing the results of past carelessness as Dr Pierce's Golden Medical Discovery. It strengthens the stomach, and restores the organs of digestion and nutrition to a condition of healthy activity. It cures biliousness, heartburn, flatulence, indigestion, palpitation, dizziness, cold extremities and a score of other ailments which are but the symptoms of disorder in the stomach and its allied organs.

It may sound slangy, but when a young man takes a girl who can't skate out on the ice he has to let her slide.

THE PEOPLE KNEW HIM.
(Benson's Plaster is Pain's Master.)

George Washington made and sold flour, and every barrel of flour in the market branded "G. Washington, Mount Vernon," sold without delay. No question was ever raised as to quality or weight.

Benson's Porous Plaster sells on its reputation everywhere. All the buyer wants to be certain of is that the plaster offered him *really is* Benson's, and not a worthless imitation of it or substitute for it.

A plaster is the best form of external remedy, and Benson's is the best plaster; 5,000 physicians and druggists, and a multitude of people no man can number, have settled that. "You can trust it," they say.

Coughs, colds, lame back, lumbago, muscular stiffness and rheumatism, troubles of the liver and kidneys, influenza or grip, pneumonia, and all other diseases open to external treatment, are *at once* relieved and cured by Benson's Plaster.

Do not assume that Belladonna, Capsicum or Strengthening plasters are "just as good as" Benson's. They are vastly inferior.—*No* other plaster is as good as Benson's.

In competition with the best-known plasters of Europe and America, Benson's have received *fifty-five highest awards.*

For sale by all druggists or we will prepay postage on any number ordered in the United States, on receipt of 25c. each.

END OF METHODIST YEAR.

There Will be no Shake up of Appointments This Year.

The pastors of the Methodist Episcopal church in the Harrisburg District are closing up their business for the fiscal year, and getting their reports ready for presentation at the conference which meets at Chambersburg, Pa., on Wednesday March 27, to remain in session until the calendar is cleared of business.

This will be the first meeting since the general conference decided against a general exchange of pastors at the close of each year. As a result there will be comparatively few pulpits exchanged this year. This revision of the rule is agreeable to most of the ministers of the conference who say that it will be redound to prosperity of the church in general. A number of those in the minor charges do not favor it, as they say it gives the "good" pulpits of the conference to a few for life, and confines others to lives of hardship for themselves and families. This view is not generally taken however, for the reason that it is true in church circles as well as business that a man who is worthy always has his material reward and the able man always reaches the top.

THE MANCHURIAN CONVENTION

Russia Agrees to Certain Important Modifications.

LONDON, March 20.—Dr. Morrison, wiring to The Times from Peking, says:

"Prince Ching received me today and confirmed the information as to Russia's modifications of the Manchurian convention. The Chinese minister at St. Petersburg officially reports that Russia has agreed to eliminate the clause granting her exclusive privileges in Mongolia and Turkestan and also to modify various other clauses objected to by China.

"Prince Ching warmly appreciates the assistance rendered China by the intervention of England, the United States and Japan, but he is not optimistic concerning the return of the court to Peking.

"The Russian amendments do not seem to modify sensibly the character of the convention as creating a permanent protectorate. The amended clause giving Russia the right to construct a railway joining the Manchurian line to the great wall declares that the concession of the railway between Shan-hai-kwan and Newchwang to a foreign company was a breach of a previous agreement between China and Russia.

The English Withdraw.

PEKING, March 20.—The English have withdrawn their guards from the railway switch at Tien-tsin, and the right of way incident which threatened to cause trouble recently is considered closed, so far as the authorities here are concerned.

CONVICTS REVOLT.

Three Hundred Hold a Coal Mine and Their Guards.

LEAVENWORTH, Kan., March 20.—Nearly 300 convicts in the state penitentiary have revolted, captured a coal mine, are holding their guards as hostages and threaten to kill them if their demands are not granted. These demands include immunity for the ringleaders of the revolt.

The governor has been notified of the state of affairs and has ordered the militia to be ready to proceed to the place. It may be necesary to starve the convicts out. Any attempt to recapture the coal mine would be accompanied by terrible bloodshed.

The miners have threatened to wreck the mines, but the threat is laughed at by Warden Tomlinson, who says they would not attempt this, as such action would endanger their lives. He says he will starve them out.

A communication was received from one of the guards stating they were hungry and tired, but so far as he could learn all were alive.

The first outbreak in the mine took place shortly after the noon meal Monday and was started by the convicts in division No. 8. Of the 19 men in this division 16 seized the guard and overpowered him and announced that they had decided to strike. They told the guard that they had decided to mine two instead of three cars of coal as a day's work in the future and that they proposed to have better food.

BOTHA DECLINES.

Kitchener's Peace Terms Not to His Liking.

LONDON, March 20.—In the house of commons yesterday Mr. Chamberlain, secretary for the colonies, said that General Louis Botha, commander in chief of the Boer army, had informed General Kitchener that he did not feel disposed to recommend the British terms of surrender to the consideration of the Boer government. General Botha added that his government, through its chief officers, agreed with his views. Mr. Chamberlain said he would make Lord Kitchener's terms public at once.

The issuance of parliamentary papers on the negotiations between Lord Kitchener and General Botha is delayed. General Botha's refusal to accept the peace terms offered him is commented upon with an evident sense of relief. The idea that Lord Kitchener initiated the negotiations instead of General Botha, as had been supposed, is unpalatable to the British press. The Daily Mail, under the editorial caption "Our Rejected Suit," asks why the government instructed Lord Kitchener to sue for peace after the murder of the peace envoys and concludes as follows:

"Let the war be pressed to the utmost and let further re-enforcements be prepared, for they may be needed, but above all let us have no more 'negotiations.'"

India's Finances.

LONDON, March 20.—The viceroy of India, Lord Curzon of Kedleston, has telegraphed to the Indian office to the effect that the financial statement to be submitted to the legislative council today shows the surplus for the last fiscal year to be £1,640,000 in spite of the famine relief of £4,227,000. It is estimated that the surplus for this year will be £691,000. The general results are considered to be exceedingly good in view of the famine and the plague. As to the countervailing sugar duties, no conclusion is yet possible, but the importations from British colonies during the last ten months have shown a large proportionate increase.

Three Boys Poisoned.

SHARON, Pa., March 19.—Three boys in search of wintergreen on Wintergreen hill about half a mile west of Sharpsville ate a quantity of poisoned berries and died in terrible agony about an hour later. They were Cland Morford, aged 15 years; Fred Morford, aged 17 years, and Howard Miller, aged 13 years. The boys gathered a large quantity of red berries and ate heartily of them. In a very short time the boys were thrown into terrible convulsions, and all died within an hour.

Lumber Yards Burned.

NASHVILLE, March 19.—The extensive lumber yards and saw and planing mill plant of John B. Ransom & Co. in West Nashville, a suburb of this city, have been destroyed by fire. The loss is estimated at $140,000, with insurance of $115,000. The yards cover 20 acres of ground, and the fire raged fiercely for several hours. It is thought the fire originated from sparks from a locomotive.

Miners Issue Another Notice.

SCRANTON, Pa., March 20.—As the result of conferences held yesterday between President John Mitchell of the United Mine Workers and the three district presidents of the anthracite region communications were sent out from the United Mine Workers' headquarters to the presidents of all the coal companies and the large individual operators. These communications contained statements of the action of last week's convention in passing the resolution asking their attendance at the conference of April 1 and further expressing the acquiescence in that action by the national president and presidents of districts Nos. 1, 7 and 9.

Fatal Railway Collision.

NEBRASKA CITY, Neb., March 20.—In a head end collision between a passenger train and a freight on the Burlington and Missouri road near Johnson last night one man was killed and three others injured. Both trains were badly wrecked. A relief train was sent from here. The wreck occurred on a curve and was caused by the crew of the passenger train being unable to see the freight train on account of the blinding snowstorm.

THURSDAY, MARCH 21, 1901.

A bill has been introduced by Representative Castner, of Lycoming county, providing for the the pay of election officers. It provides that from and after the passage of the act the pay of the judges and inspectors, and of the clerks to each election board, shall be three dollars and fifty cents each at each election so held, for the first two hundred votes polled, and sixty cents for each additional one hundred votes or fraction thereof polled, provided that the provision of the act shall not repeal any special act now in force in any of the counties of this Commonwealth, and shall not apply to any city co-extensive with a county, and shall not alter or effect in any manner the compensation of return judges as fixed by existing laws.

Legal Jugglery Begun.

Proceedings have been instituted in the Lackawanna county court to test the constitutionality of the so-called Pittsburg "Ripper" bill. With the exception of the legal farce enacted in the court of this county some time ago for the ostensible purpose of testing the legality of the Governor's unconstitutional mutilation of the school appropriation two years ago, nothing more ridiculous has ever occurred in any court of this Commonwealth or for that matter in the history of the jurisprudence of the country. A petition has been filed at the suggestion of the Attorney General acting for the state machine, before a willing judge citing an acquiescent official to show cause why he holds office, and this conspiracy is palmed off on the public as judicial inquiry.

This farcical performance is not only an insult to the intelligence of the people, but it is an outrage on justice. The Judge to whom the petition was presented is a candidate for the federal bench and unless he perverts the law to suit the purposes of the conspirators he will loose an office of life tenure which his heart covets. The petitioner in the case is a candidate for the succession on the common pleas bench to be made vacant by the promotion of the Judge to whom the petition was presented, and unless he does precisely what is wanted his cherished ambition will be disappointed. The official who is cited to show cause having resigned the office of mayor must do what the machine wants or retire to private life not tor a time but forever, and as Sol Smith Russell says in the play "there you are."

The scheme is to get only such aspects of the case presented to the Supreme court as will necessarily be decided in favor of the machine. In other words these conspirators would have a judicial determination of a grave constitutional question predicated on a false premise. That is to say there being no question of the removal by the Legislature of an officer elected by the people, the mayor of Scranton having resigned, the only question which would come before the court in all probability would be as to the constitutional authority of the Legislature to abolish the office of mayor and create that of recorder. Both these rights are conceded on every hand. But the right to legislate out of office a man elected mayor by the people before the expiration of the term for which the people commissioned him, to serve, is denied.

This Scranton proceeding, like the proceeding in the school case in this county, is nothing more or less than a bit of legal jugglery. It is a shame that the Attorney General of the Commonwealth and Judges on the bench will debase themselves by the practice of such hocus pocus in the courts. But they do and in the face of such facts the rights and liberties of no citizen are safe. The license which justifies such actions applied in any other way would work equal disaster. No title to office is secure, and for that matter no deed to property or franchise of any kind will stand against such usurpation on one hand and injustice on the other. May Heaven save us from the consequences of such a disregard of sworn obligations.—*Bellefonte Watchman.*

Judge Archbald has done just what was expected, and has filed an opinion upholding the "ripper" bill.

Taxes Repealed.

The bill for a reduction of the war revenue, as finally agreed upon in conference, was reported to the Senate and the House, and passed by both bodies. The changes in the present law will go into effect on the first of July next, and are as follows:

Tobacco, 20 per cent. discount of the original tax of 12 cents per pound as against 25 per cent. reduction as fixed by the Senate and none as the bill passed the House. The rate agreed upon will make the tax $9.60 per 100 pound.

Cigars: On those weighing more than three pouuds per 1,000, the House rate of $3 per 1,000 was retained as against $3.30 as fixed by the Senate, and $3.60 as in the present law. On those weighing less than three pounds per 1,000, the Senate rate of 18 cents per pound was allowed to stand, as against the rate of $1 per 1,000 as fixed by the existing law, which was not disturbed by the House.

Cigarettes: On those weighing not more than three pounds per 1,000 the Senate action fixing the rate at 18 cents per pound prevailed. The House did not change the existing law.

Beer: The House rate of $1.60 per barrel and repealing the 7½ per cent. discount was retained.

Bankers' capital: Present law retained, the Senate receding from its amendment.

Commercial brokers' tax: Repealed in accordance with original action of both Houses.

Certificates of stock transfers: the rate of 2 cents for each $100 is retained, and the Senate amendment making the law include the transactions of bucket shops was accepted by the House conferees.

Sales of products at exchanges: The Senate amendment exempting sales of merchandise in actual course of transportation was accepted but the rate of 1 cent for each $100 as fixed by the present law was retained; the Senate amendment making the rate $2 being disagreed to.

Bank checks: Repealed in accordance with the House action.

Certificates of deposit: Tax repealed.

Promisory notes: Tax Repealed.

Money orders: Tax repealed.

Bills of exchange, foreign: The rate fixed at 2 cents for each $100 in accordance with the Senate amendment.

Bills of lading for export: Repealed.

Express receipts: Repealed.

Telephone messages: Repealed.

Miscellaneous bonds tax: Repealed except upon bonds of indemnity.

Certificates of damage and certificates not otherwise specified: Repealed.

Charter party: Repealed.

Conveyance: Exempted below $2,500; above $2,500, 25 cents for each $500, in accordance with Senate action.

Telegraph messages: Tax repealed.

Insurance: Tax repealed on all kinds of insurance, in accordance with the action of the House, the Senate conferees receding on all Senate amendments.

Leases: Tax Repealed.

Manifests: Tax Repealed.

Mortgage: Tax Repealed.

Steamship passage tickets: Exempted below $50 in value, and the rate fixed at 50 cents for each $50 in cost for that price and over.

Power of attorney: Tax repealed.

Protest: Tax repealed.

Warehouse receipts: Tax repealed.

Proprietary medicines: Tax repealed in accordance with House action, the Senate amenment being disagreed to.

Perfumery and cosmetics: Tax repealed.

Chewing gum: Tax repealed.

Legacies: Law modified so as to exclude from taxation legacies of charitable, religious, literary, or educational character.

The total reduction of the revenues as made by the bill as agreed upon will amount to about $41,000,000, as against a reduction of $40,000,000 as it passed the House, and $45,000,000 as amended in the Senate.

Not Suffering for Judges.

The State of Pennsylvania does not seem to be suffering because of any scarcity in the number of judges. Yet notwithstanding that fact, the Legislature seems to be of the opinion that we cannot get too many of those officials. At the present time the State of Pennsylvania has more courts than England, with a population of 30,000,000. Yet, nevertheless, new ones are being created and judges are being provided them. A great array there is now. There are seven judges of the Supreme Court, seven of the Superior Court, eighty-nine common pleas judges, and nine presiding over separate orphans' courts.

Miners vs. Operators.

It looks as though the United Mine Workers, elated and overconfident as the result of their success in striking last fall, were about to make a move which can have, in all probability, only one outcome—the defeat of the union, the loss of whatever fruits of victory they have gained and a period of idleness which will bring misery and suffering to thousands.

Last fall sympathy was with the men. It was felt that they as individuals were toiling for starvation wages. There was general recognition of the fact that their demands were only reasonable and fair. The battle was joined on the principle that man is entitled to equitable remuneration for his labor. But at present the chief greviance seems to be the absolute refusal to recognize the union. The operators profess willingness to hearken to the complaints of their men as individuals at any time and to redress their wrongs, if investigation shows they have suffered any. But they decline to deal with the organization. That is the rock on which they split. It is not then a question of securing wages which will prevent the men and their families from starving, but it is recognition for the union that is in dispute. That is a different matter and it is doubtful whether the union can command the support and sympathy that would flow out spontaneously to the individual.

Another barrier to the success of the strike proposed lies in the fact that summer is approaching, less coal will be needed, the bins of the operators are full to overflowing and every demand can be met with ease. Instead, however, of coal taking its customary summer drop a strike would be used as an excellent argument for maintaining prices. In the end the coal trust would be the gainer by a shutdown at this season, while the loss, and it would be a heavy one, would inevitably fall on the miners and the public.—*Harrisburg Patriot.*

Washington, March 18 1901.

President McKinley has squally times ahead on the Isthmian Canal question. The patronage he has at his disposal is keeping Republican Senators and Representatives from publicly talking now, but that will not hold good long. He is accused of having acted in bad faith, in order to prevent the Senate passing the Nicaragua Canal Bill, by withholding semi-official knowledge he had before the adjournment of Congress that the British Government had decided to reject the amended Hay-Pauncefote treaty, and worse yet, he is accused of standing in with the ring that is trying to unload the Panama Canal on this Government. The last accusation seems hard to believe, but circumstantial evidence is certainly in its favor. Whatever may have been his object—preventing the passage of the Nicaragua Canal Bill is the only logical one—he did withhold until last week the rejection of the treaty from the public The rejection was not officially handed to Secretary Hay until early last week, but Secretary Hay admits that the administration knew of it before Congress adjourned. President McKinley's future troubles are not likely to be lessened by his having instructed Secretary Hay, who was so completely bamboozled by Lord Pauncefote in the old treaty, to open negotiations for a new one. It is among the probabilities that the Isthmian canal question will split the Republican party in the near future, probably during the next session of Congress.

Some idea of the progress of American Invention, which is such an important factor in our prosperity may be obtained from the fact that a single firm of patent lawyers, C. A. Snow & Co., have procured for their clients more than 22,000 patents.

It is evident that the Administration isn't altogether satisfied with the reports of the situation in Cuba, sent to Washington by Gen. Wood and other Administration agents, which differ so radically from reports sent by competent and reputable correspondents of American newspapers. In order to get another view of the Cuban situation President McKinley has sent Senator Proctor as his personal and confidential representative to see what he can find out about the intentions of the Cubans. That Senator Proctor's trip was made unexpectedly by him was shown by the fact that he had called a meeting of the sub-committee of the Senate Military Committee, of which he is Chairman, charged with the duty of investigating the alleged connection of Lt. Col. Heistand and a number of prominent War Department Officials with the Philippine hemp scandal, for this week, and that he left Washington without notifying the other members of the committee of his change of plans. After it was learned that Senator Proctor had gone to Cuba, Senator Hawley was made Chairman of the sub-committee and the investigation, which already shows the earmarks of a white-wash, was started.

Mr. William J. Bryan passed through Washington last week, on his way home from New York, where he went to get pointers for the betterment of his newspaper plant. He declined to be interviewed on politics, but said of the late ex-President Harrison: "He was always respected by his political opponents as a clean conscientious and able statesman. Those who differed from him could criticise his politics, but they could not attack his motives. His conduct after retiring from office was such as to strengthen his hold upon public esteem. The death of such a man is a distinct loss to the country."

Hon. Martin Maginnis paid this high compliment to Montana's new Democratic Senator. "The State of Montana could not have settled upon a more suitable man to represent it than Paris Gibson. Mr. Gibson is a man of fine parts and a staunch Democrat. He has been the best sort of a Democrat all his life. He is now nearly seventy years of age, but is robust and hearty, and in the full vigor of his mind He will make, in my opinion, as good a Senator as the Commonwealth of Montana has ever had."

* * *

It seems to be the general opinion in Washington that the failure of the Republican Legislature to elect two Senators will result in restoring that State to the Democratic column. Speaking of that failure a well known business man of Wilmington, who was in Washington last week, said: "The people of Delaware have become resigned. They have been for a considerable period of time with only one Senator in Congress and I suppose they can get along for awhile without any. I think Delaware has learned what it has to expect from the Republicans and will be found in the Democratic column the next time it has an opportunity."

Senator Depew is known as a smiling conciliator rather than a fighter, but if his own words are to be depended upon he is likely to figure as a fighter if the announced intention of President McKinley to appoint Col. Sanger, of N. Y., Assistant Secretary of War, in spite of the protests of Senators Platt and Depew, be carried out. Speaking of threats of what the administration would do if he opposed the confirmation of the nomination of Col. Sanger, which have been heard of in administration circles, Mr. Depew said: "If a fight is to be declared against me in this matter I will be prepared for it, and I will fight it to the bitter end. I do not intend to sacrifice my constitutional right or responsibility through fear of losing favor with those in authority." There are reasons for the belief that Senators Platt and Depew are merely making a big bluff for the purpose of landing some appointments and that they have no idea of making a fight on Sanger.

BLOOMSBURG, PA.

THURSDAY, MARCH 21, 1901

Entered at the Post Office at Bloomsburg, Pa. as second class matter, March 1, 1888.

PICTURESQUE BLOOMSBURG.

For several months past there has been in course of preparation a book which is intended to show the beauties of our town, and which will make a handsome souvenir of Bloomsburg. It is printed on heavy enameled paper, and contains seventy half-tone cuts of good size, including pictures of the Court House, Town Hall, High School, Normal School, Water Works, County Prison, Churches, Residences, Factories, Street Views, Market Square, Business Blocks, Fair Grounds, and many other views. It has been compiled and prepared at considerable labor and expense, believing that the book will be sufficiently appreciated so that the publication will not prove a financial loss, at least. Many other towns have similar books, and this work has been undertaken in order that Bloomsburg may not be behind other places.

The book is bound in two styles, one being a stiff cover of silk cloth, lettered in gold leaf, price $1.00. The other is a card board cover, handsomely printed in red and gilt, stapled through the back so the book will open flat, price 75c.

The book is for sale at THE COLUMBIAN office, and only a limited number have been printed. An early order will secure a copy.

The first we know, Africa will be taking rank as a wheat growing contry. Last year the Dark Continent turned out 44,000,000 bushels of the cereal of the finest quality. Australia produces only 35,000,000 bushels, but this small output is accounted for by the fact that wool-growing is more profitable than agriculture.

At this season of the year, when the frost is coming out of the ground, persons dwelling in the towns have but a vague idea of the wretched condition of some of the country roads. From all rural districts come complaints regarding the mud, and there is good reason for them. Some country roads at the best are very poor thoroughfares, frequently being stretches of land absolutely valueless and calculated to vex the souls of all that pass that way, whether in vehicles or on foot.

W. D. Beckley was conveyed from Scranton to his home here the other evening on a special train over the D. L. & W. Railroad, an honor seldom, if ever, extended to a single passenger. He was en route for home from New York, and the train was quite late. Fearing that they would miss connections at Scranton, he approached the conductor and requested him to have the train wait, as he wanted to get home, and he thought it would be a great accommodation to many others on board. The official telegraphed ahead and informed Mr. Beckley that it would be all right. When they reached Scranton they found that the down train had left. A special train was made up and the passengers living at points below Scranton were permitted to get home. Mr. Beckley was the only passenger on board after the train left Nanticoke. He arrived home at midnight.

Murder at Shamokin.

A Constable Shot and Killed By His Insended Victim.

William H. Wagner shot and instantly killed Frank Schlief, a local constable, at 8 o'clock Friday night.

The shooting occurred in the store of the former's father, Durell Wagner. One bullet passed through the victim's heart and another lodged in his head. Wagner was shot through the left hand by the constable before the fatal shots were fired.

Immediately after the shooting Wagner, who is 20 years old, gave himself up to the police, saying that he did the shooting in self defense.

Schlief is 50 years old and is survived by five children, whose ages range from 10 to 18 years. Miss Bella Schlief is the eldest and it was partly on her account that the shooting occurred. She was a frequent visitor to the Wagner store against her father's wishes.

While in a half intoxicated condition the constable visited the store yesterday afternoon, in search of his daughter, but did not find her. Schlief flourished a revolver and threatened to shoot Wagner and his son, but they persuaded him to withdraw. Schlief reentered the place last night. Durell Wagner saw him coming and escaped through a back door. Schlief ran up to the son and pressed a revolver against his head. Wagner begged him not to shoot and at the same time knocked Schlief's arm upward. The weapon was discharged and the bullet passed through Wagner's hand. The latter then drew a revolver and fired twice. Schlef died instantly.

We, the undersigned Auditors of Columbia county, being elected to adjust and settle the accounts of the Commissioners and the Treasurer of Columbia county, do hereby certify that we met at the Court House, in Bloomsburg, Pa., on Monday, January 7th, 1901, at ten o'clock a, m. Organized and proceeded to audit the accounts of the above-named officers. After examining and correcting the same, from January 1st, 1900, to January 4th, 1901, we do certify them to be correct, as above stated.

We find a balance due the said county, on the 4th day of January, A. D. 1901, by Jeremiah Snyder, Treasurer, sixteen hundred and thirty-seven dollars and thirty cents.

The following bills we surcharge against the Commissioners, Nehemiah Kitchen, Wm. H. Fisher and Wm. Krickbaum, for the year 1900: B. F. Zarr's bill, No. 977, amount, $50.00. This bill, not being itemized, and he being Solicitor for the county, we were unable to ascertain to what extent the county was liable, if any. Also bill of B. F. Zarr, No 978, amount, $20.00, expenses in road view, near river bridge, he being Solicitor for county, is not entitled to same.

A REMEDY FOR THE GRIPPE.—A remedy recommended for patients afflicted with the grippe is KEMP'S BALSAM, which is especially adapted for the throat and lungs. Don't wait for the first symptoms of the disease, get a bottle to-day and keep it for use the moment it is needed. If neglected the grippe has a tendency to bring on pneumonia. KEMP'S BALSAM prevents this by keeping the cough loose and the lungs free from inflammation. All druggists sell KEMP'S BALSAM at 25c and 50c. 3-14d4t

LITTLE BRAVES.—Old time a quarter a box "Purgers" are quitting the field in whole battalions. Dr. Agnew's Little Pills at 10 cents a vial are driving them out at all points Because they act gently, more effectively, never pain, and are easy to take. Sick headache succumbs to one dose. 35

a bitter article on Vanderslice's appointment, and closed with a reference to Mrs. Vanderslice, which was wholly unjustifiable. In the evening T. J. Vanderslice met Harry M. Fine, a reporter for the *Daily*, in front of the postoffice, and demanded to know the author of the article. When Fine admitted that he was responsible for it, Vanderslice, it is alleged, struck Fine in the face. On Monday Fine appeared before Guy Jacoby, Esq., and swore out a warrant charging Vanderslice with assault and battery. This was served and the time for a hearing fixed at four o'clock p. m. Before that hour Mr. Vanderslice appeared and waived a hearing, and gave bail in the sum of $300, with William Chrisman, Esq., as his surety, for his appearance at May sessions.

Agricultural Conference of June 4-5, 1900

At its annual meeting in West Chester, December 5 and 6, 1899, the Pennsylvania Dairy Union adopted a resolution providing for the appointment of a committee to investigate the present condition and needs of dairy education in Pennsylvania, that committee to report at the next annual meeting.

At the meeting of the State Grange at Lock Haven, December 14, 1899, an address was made by Dr. H. P. Armsby upon the education of the farmer and following it the preamble and resolutions below were adopted, broadening the action taken by the Dairy Union so as to cover the whole field of agricultural education and also providing for conference with similar committees of other agricultural organizations:

WHEREAS, It is essential that the farmer, in order to meet successfully the increasing competition of modern times, should have the best possible education in the principles and practice of his calling, and

WHEREAS, Provision for such education cannot be made by the individual farmer but only by the farmers acting collectively through the State, and

WHEREAS, There seems to be serious danger that our Commonwealth may fall seriously behind others in the development of agricultaral education, and

WHEREAS, We recognize agriculture to be the foundation of all prosperity, individual, state and national, therefore

Resolved, That a special committee of five be appointed to consider the condition of agricultural education in Pennsylvania and to report to the next meeting of the State Grange what measures are desirable for its promotion and what action, if any, the State Grange should take in the matter.

Resolved, That this committee be instructed to confer with any similar committee which may be appointed by other agricultural organizations.

At the regular meeting of the State Board of Agriculture held at Harrisburb, January 24 and 25, 1900, the suggestion of the State Grange relative to a conference of committees was taken up, and the following resolutions were adopted:

Resolved, That a special committee of five be appointed by the chair to investigate the present condition and needs of agricultural education in all its branches in this Commonwealth.

Resolved, That this committee be instructed to arrange for a conference upon this subject, at some suitable time and place, with representatives of the Department of Agriculture, the Department of Public Instruction. The Pennsylvania State College, the State Alliance, the Pennsylvania Dairy Union, and any other State agricultural organizations desiring to be represented.

Resolved, That the committee hereby provided for be empowered to represent the State Board of Agriculture in such conference and to join, in the name of the Board, in such subsequent action as may be agreed upon and report its conclusions and action to the next succeeding meeting of the Board.

The committee of the State Board of Agriculture took up the matter at once and entered into correspondence with the secretaries and other excutive officers of the agricultural organizations of the State. After extended correspondence, arrangements were made for a conference which was held at State College on Monday and Tuesday, June 4 and 5, 1900. At this conference, thirty-two delegates were in attendance, representing the following State agricultural organizations, together with the Department of the Public Instruction:

State Department of Agriculture, State Board Agriculture, Department of Public Instruction, State Grange, State Alliance, State Agricultural Society, State Horticultural Association, Pennsylvania Dairy Union, State Breeders' Association, Guernsey Breeders' Association, Pennsylvania Jersey Cattle Club, State Poultry Association, The Pennsylvania State College.

After organizing by the election of Hon. N. C. Schaeffer as Chairman, and Dr H. P. Armsby as Secretary, the various delegations were asked for an expression of views and a full and free conference and discussion was had. Following the discussion, an Executive Committee of one from each organization was appointed to formulate the conclusions reached. At the closing session, the following resolutions recommended by that committee were unanimously adopted by the Conference:

Resolved, That it is the sense of this conference that nature study should be introduced into the public schools of the State.

Resolved, That this conference request from the next Legislature an appropriation of $10,000 per year, for two years, for the Pennsylvania State College, to defray the expenses of continuing the preparation and distribution to the teachers of the public schools of the State of bulletins and leaflets on Nature Study with special reference to agriculture.

Resolved, That this conference urges the legislature to provide for carrying into effect the Act of June 28, 1895, providing for the establishment of Township High Schools.

Resolved, That we request the State Legislature to make a sufficient appropriation for the erection and maintenance at the Pennsylvania State College of a suitable building for the teaching of the different branches of agriculture, including dairying and forestry.

The several delegations were also charged with the duty of presenting the subject to their several organizations. This has since been done and the resolutions have been formally endorsed by each of the above named associations at its regular annual meeting.

A Legislative Committee of five members, consisting of the Hon. John A. Woodward, Howard, Pa., the Hon. Hiram Young, York, Pa., M. N. Clark, Claridge, Pa., Howard A. Chase, Philadelphia, Pa., S. F. Barber, Harrisburg, Pa., was also appointed "to formulate and urge the legislation asked for by the Conference." This committee has prepared a bill making an appropriation to the Pennsylvania State College of $20,000 for two years for the Nature Study and Correspondence Courses, and $140,000 for the erection, equpment and maintenance of a building for instruction and investigation in agriculture, dairying and forestry. This bill has been favorably reported by the Committee on Agriculture of the House and is now before the House Committee on Appropriations. A memorial to the Legislature has also been prepared by the Executive Committee of the Conference, setting forth the reasons for the passage of the bill. The subject is also being presented at all the Farmers' Institutes held in the State, and nearly all of them have endorsed the proposed legislation.

KILLED BY BANK ROBBER.

Cashier Ryan, of Halifax, Pa., Shot in Scuffle —Bandit Grabbed $2,000 in Cash.

Charles W. Ryan, cashier of the Halifax National Bank, was shot to death by Henry Rowe and Weston Keiper, of Lykens, last Thursday, in an attempt at a daring bank robbery.

The robbers were captured by a party of citizens soon after the crime and were taken to the Harrisburg jail, together with F. B. Straley, of Lykens, who is suspected of being an accomplice. Rowe and Kteper drove to Halifax from Elizabethville Thursday morning, and hitching their team on the oatskirts of the town, entered the bank. Each had a revolver and demanded the attaches of the bank to throw up their hands and turn over the money.

One of them held in check Abraham Fostenbaugh, the president; Isaac Lyter, the teller, and Ex-Representative Swartz, of Duncannon, who was in the bank on private business. The other covered Cashier Ryan, and under the menace of the revolvers the cashier collected the cash in the drawers to the amount of $2,000 and placed it in a satchel the robbers had brought with them.

Rowe, with the cash stuffed satchel in his hand, backed out toward the door, and Keiper also moved toward the entrance of the bank. Just when it seemed that the robbers would succeed in getting away Cashier Ryan leaped forward in attempt to knock up the revolver of the man with the money.

In the scuffle several shots were fired and Ryan fell to the floor, shot through the groin by a bullet from the pistol of Rowe. Mr. Fostenbaugh grabbed Rowe and after a short suffle threw him to the floor. Keiper ran out to the street. The noise of the shots attracted J. F. Lyter, who has a store near the bank building. He ran out with his shotgun and pursued Keiper for one block and shot him in the back of the head, when the robber surrendered.

The wounded cashier was taken to his home after the capture of the desperadoes, where he died.

Rowe and Keiper are unmarried formerly worked in the coal mines at Lykens. Rowe is 19 years old and has been considered a dangerous man. Keiper is 20 years old and was always looked upon as honest and harmless.

Getting Thin

is all right, if you are too fat; and all wrong, if too thin already.

Fat, enough for your habit, is healthy; a little more, or less, is no great harm. Too fat, consult a doctor; too thin, persistently thin, no matter what cause, take Scott's Emulsion of Cod Liver Oil.

There are many causes of getting too thin; they all come under these two heads: overwork and under-digestion.

Stop over-work, if you can; but, whether you can or not, take Scott's Emulsion of Cod Liver Oil, to balance yourself with your work. You can't live on it—true—but, by it, you can. There's a limit, however; you'll pay for it

Scott's Emulsion of Cod Liver Oil is the readiest cure for "can't eat," unless it comes of your doing no work—you can't long be well and strong, without some sort of activity.

The genuine has this picture on it, take no other.

If you have not tried it, send for free sample, its ungreasable taste will surprise you.
